The News.

By the overland mail we have some later news from California and Frazer River. The gold mines of the latter place have not as yet been very productive.

The first mail by the overland route from St. Louis reached San Fracisco on the 10th—24 days out. The event was celebrated in an appropriate manner.

On the 9th ult., a fire at Jamestown destroyed $250 000 worth of property.

We have later news from Mexico. The war still reges between the two hostile parties, with no very decisive success on either side. What the final result will be it is hard now to foresee.

Walker, the Fillibuster General, is now at Washington.

The people of Galveston, Texas, are suffering from yellow fever.

Snow fell at Bangor, Maine, yesterday to the depth of several inches.

A slight improvement is reported in the New York breadstuffs market. With light receipts and a consequent active competition, shipping wheat advanced 2c to 3c in our market yesterday.

For the first time in eight days Old Sol made his appearance yesterday morning, but very soon hid himself behind a dark cloud. The rain appears to have ceased, however, and it is not too much now to expect a little dry weather.

The Legislature.

If the latest report from Sheboygan is correct—which elects HOTCHKISS (dem.) Senator by 16 majority over WILLIAMS (rep.)—the next Senate will stand, Republicans 16, Democrats 14.

In the Assembly, according to our last advices, the Republican majority will be 3 or 5.

New Jersey Too!

NEW JERSEY has added her voice to the general verdict of condemnation pronounced by EVERY FREE STATE IN THE UNION, upon the Buchanan Administration and Sham Democracy.

All *five* of the Opposition members of Congress are re-elected by an aggregate majority of **5,148** votes. The Senate stands 11 Opposition (of whom 3 are anti-Lecompton Democrats) to 10 Administration Democrats. The Assembly stands 38 Opposition (of whom 3 are anti-Lecompton Democrats) to 22 Administration. Opposition majority on joint ballot 17.

Last year, NEW JERSEY was thoroughly Democratic and at the opening of the present Congress, two of her Representatives were Republicans and three Democrats. So the ball rolls on!

The Popular Majority---Our State Ticket Certainly Elected---Illinois a Republican State.

Illinois has pronounced against Douglas by her popular vote and elected the Republican State Ticket by a majority which we estimate at FIVE THOUSAND at the very least. The Democracy at Springfield telegraphed to this city on Saturday that eighty-three counties had been heard from—giving a Republican majority of 2,200, supposing the remaining seventeen stood as in 1856. We judge we shall have a larger majority than Governor Bissell received two years ago.

When you get up your glorification here Messrs. Democrats, call for three cheers for Fondey and French!—*Chicago Tribune of yesterday.*

In addition to the REPUBLICAN triumph on the State ticket, it is very plainly intimated in the Chicago *Herald* [Administration] and the Chicago *Tribune* [Republican] of yesterday, that the Administration can count upon the votes of *three* Senators and two or three Assemblymen, *against* DOUGLAS. We infer, from the scolding of the Chicago *Times* [Douglas] that there is truth in the story. If so, the DOUGLAS game in Illinois is "up!"

From the Albany Evening Journal, Nov. 5.

The Empire State Speaks!

The Congressional Result—An Overwhelming Rebuke to the Administration—Twenty-Nine Opposition Congressmen—Sixty Thousand Majority!

The additional returns received to-day, indicate the election of VAN WYCK, HASKIN and KENYON, which were yesterday in doubt. This leaves the Administration without a single Congressman outside of the City of New York!

Scathing as is the rebuke given to Lecompton by the loss of twenty-nine out of the thirty-three Congressional Districts in the State, its full force cannot be appreciated except by looking at the popular vote. Even Pennsylvania did not roll up one so decisive.

The Anti-Lecompton majority in the State is over **60,000!**

"The True Issue."

The Washington *Union*, the paper which "is in a position to understand the views of the Administration," in an article stating the issue of the elections held on Tuesday last, said:

"The true issue, not only in Illinois, but in every State of the Union, is the Administration of Mr. Buchanan, as the representative of the Democratic party, against all opposition, whether of open enemies or false friends."

That was the issue which the Danites tried to battle on in Illinois last Tuesday; and on it, they obtained less than four thousand votes in all the State.—*Chicago Times*, (Douglas,) of yesterday.

It is difficult to tell how many votes the Administration *would* have got in this State, on the above issue; since the Democracy of Wisconsin, all through the canvass, resolutely *ignored* BUCHANAN and all his works. Our opinion is, that the "National Democratic Administration" has even fewer friends in Wisconsin, than in Illinois.

☞ The Abolition defeat of Jones in the Berks County District, that the Republicans make such a hue and cry about, was by just *nine-teen* majority.—*Stevens Pt. Pinery*, (*Hunker dem.*)

The "Abolitionist" who defeated JONES was Major SCHWARZ, a veteran Pennsylvania Democrat, who did *not* believe in cramming SLAVERY down the throats of the people of KANSAS with Federal bayonets. Two years ago, JONES had some *seven thousand* majority in this same Berks County. The *Pinery*, therefore, thinks that his defeat *now* by only *nineteen* votes, is a small affair. Just as the unfortunate individual on a rock, who saw Noah's ark float by, and was refused a passage, comforted himself with the belief that the Deluge was not going to be "much of a shower after all!" Only he, poor devil, did not survive the catastrophe to be sent as Minister to Austria!

GREEN LAKE COUNTY.—The Green Lake *Democrat* of the 5th instant says:

The people of Green Lake County have decided by a majority of 85, that Berlin shall be the County Seat. While we rejoice, as a citizen of Berlin, at this result, we do no not feel like exulting over our rivals in the matter.

JEFFERSON COUNTY.—The Watertown *Volkszeitung*, (*People's Gazette*) a capital paper, published in English and German by HERMAN LINDEMAN, thus sums up the majorities in Jefferson County:

Billinghurst majority	45
Giles, Sheriff, dem,	405
Schnesse, Register, dem,	18
Clothier, Clerk of Court, dem,	92
Jones, Treasurer, dem,	279
Bird, Clerk of Board, dem,	215
Pease, District Attorney, rep,	78

L. P. Gilbert, democrat, for Surveyor has 184 majority, and Geo. Foster, democrat, for Coroner has 149 majority.

MEMBERS OF ASSEMBLY.

The members elect from this county are L. A. Cole, Independent Republican, from this city, S J. Conklin, Republican, George C. Smith, Republican, A. J. Craig, Republican, and F Wegner Democrat, E. D. Masters, Republican, is elected Senator in the Jefferson district by 700.

Pretty well, considering. But Jefferson, as the *Volkszeitung* says, is a REPUBLICAN County and *ought* to have elected the entire Republican County ticket. Let them "pick their flints and try again."

DODGE COUNTY COMPLETE.—The Watertown *Volkszeitung* of Saturday gives the following, as the aggregate Republican majorities in Dodge County:

Congress—C. Billinghurst, 629 majority.
Sheriff—D. C. Townsend, 692 "
Treasurer—A. H. Atwater, 688 "
Register—D. W. Hall, 492 "
Clerk of Court—Jas. McFarlin, 221 maj.
District Attorney—W. Butterfield, 301 majority.
Clerk of Supervisors—J. C. Halliger, 647 majority.
Surveyor—S. H. Walther, 441 maj.
Coroner—Wm. Elske, 236 "

This is a clean record. Well done Dodge!

SHEBOYGAN COUNTY.—The National *Democrat*, (German paper) of Nov. 6th, gives the result in Sheboygan County, as follows:

Congress—Larrabee, 550 maj.
Senator—Hotchkiss, (dem.) 16 maj.
Treasurer—John Gee, " 1850 maj.
Clerk of Court—W. Elwell, (dem.) 800 maj.
Register—J. Weiskopf, (dem.) 775 maj.

The Sheriff, County Clerk and District Attorney elected are *Republicans*. It looks as though there had been extensive "Trading" in Sheboygan, and that the Republicans had got the worst of it.

The *Democrat* adds, that T. LITTLE and S. D. LITTLEFIELD (dem.) and probably A. L. CROCKER (dem.) are elected to the Assembly.

SHEBOYGAN and DANE Counties can "shake hands" over this result.

Waukesha County.

Correspondence of the Sentinel.

DELAFIELD, Nov. 1, 1858.

Dear Sir:—Our Waukesha friends have failed to give the town of Summit, in this County, credit for 74 majority for JOHN F. POTTER, on Tuesday last. Waukesha County complete, 517 majority for POTTER. Yours, respectfully,

W. M. JAYNES.

Correspondence of the Sentinel.

BURNETT, DODGE COUNTY, Nov. 6th.

MESSRS EDITORS:—The *Sentinel* of the 3d inst. says that the town of Burnett gave C. H. Larrabee 65 votes, which is a large mistake, and I would have the minds of the readers of the *Sentinel* disabused, as the people of Burnett claim to be a progressive people, and that our course is onward and upward, in politics, as well as Religion, Education and Morality. C. H. Larrabee received only six votes, C. Billinghurst received 178 votes; the county Republican ticket received from 172 to 176 votes and we polled but *four* straight Democratic votes—all the others being more or less scratched.

The Democratic county ticket received from eight to eleven votes. We claim Burnett as the Banner Town of Dodge County, and of the Third Congressional District, until some other Town can show a better claim, to the Banner.

Respectfully yours,

ONE OF THE INSPECTORS OF ELECTION.

THE VICTORY IN MILWAUKEE.—The Watertown *Volkszeitung*, speaking of the result of the election in this city and county, says:

The defeat of Glancy Jones in old Berks we regarded as one of the greatest achievements of the day, but this one of Brown caps the climax. Milwaukee was the great battle field where the hardest of the work was done and the greatest revolution made.

SENATOR SEWARD'S SPEECH.—Of all the contemptible methods of mis-representation in which some men indulge, the most despicable is the practice of quoting a passage so seperated from the context as to make it appear that the writer or speaker has said what he did not say. It not unfrequently happens that a sentence even is broken, and some single clause of it quoted in order to wing a falsehood. Any one who could be guilty of such an act deserves to be pilloried. He justly sinks himself beneath the notice of an honest man. Senator Seward is just now suffering somewhat in this way, through the mis-representations of one or two venal and partizan sheets, whose statements are copied by other papers, who may believe them to be true. Mr. Seward, in his Rochester speech on last Monday, made the following remark:

"On the other hand, while I do confidently believe and hope that my country will yet become a land of universal freedom, I do not expect that it will be made otherwise than through the action of the several States, co operating with the Federal Government, and all acting in strict conformity with their respective constitutions."

This extract of itself, shows how far Mr. Seward was from indulging in the Abolition trade and treasonable sentiments that some have been prompt to attribute to him. Where is the treason contained in that paragraph? The speaker had just before expressed his conviction that slave labor and free labor are so opposed to each other that they cannot forever continue to exist under one government. A struggle between the two has been going on, silently or openly, ever since the formation of the government; and one or the other must ultimately triumph. Senator Seward believes that free labor is destined to achieve that triumph, and he has good grounds for his opinion. Not only contemptible journals like the Missouri *Republican* have descend to the low falsity of separating parts of sentences and commenting on those alone in order to make a plausible show of objection to such belief.—*St. Louis Democrat.*

ELKHORN RETURNS—TEMPERLEAU COUNTY.—The following is the result of the election in this County. The whole of the Republican Ticket is elected by majorities not far short of 100 each:

Congress—Washburn, 213; Dunn, 85—majority 128.
Assembly.—Bennett, 210; Finkelnburg, 85—majority 125.
Register.—Perkins, 232; Utter, 64—majority 168.
Treasurer.—Harris, 196; Clark, 103—majority 93.
Clerk of Court.—Nichols, 212; Wyman, 84—majority 128.
Clerk of Board.—Nichols, 227; Averill, 68—majority 159.
Dist. Attorney.—Daniels, 200; Arnold, 96—majority 104.
Sheriff.—Jones, 100, Brandenburg, 71—majority 21.
Surveyor.—Trowbridge, 184; Arnold, 112—majority 71.—*Trempealeau Pioneer, Nov. 5.*

JOHN F. POTTER.—There is no Republican heart in the whole North that will not rejoice at the great news that John F. Potter has been re-elected by a large majority in the first Congressional District of this State. He is the man whom Mr. Schurz, in one of his speeches at Milwaukee, justly described as the representative of the people whom no money can buy, whom no flattery can seduce, whom no favors can bias, whom no threats can frighten, whom no violence can put down. Every vote he cast, every word he uttered, *every blow he struck*, was for Freedom and the North."

The Republicans of the first district have covered themselves with glory. When we send such representatives to Washington, the name of Wisconsin will be respected in the halls of Congress.—*Watertown Volkszeitung, Nov. 6.*

Steamboats.

FOR GRAND HAVEN.—The steamers *Arctic* and *Cleveland* leave Johnson & Olmsted's dock every afternoon & evening, (Sundays excepted) at 12.15 and 8 o'clock, for Grand Haven, connecting with the Detroit & Milwaukee Railway for the East.

FOR TWO RIVERS.—The steamer *Forester* leaves every morning, (excepting Sunday,) at 7½ o'clock, from same place, for Two Rivers, stopping at Port Washington, Sheboygan and Manitowoc.

Propellers.

FOR BUFFALO.—A line of propellers to run to and from Buffalo, one of which leaves this city daily.

FOR CHEBOYGAN.—A tri-weekly line of propellers to run to Ogdensburgh.

GRIFFIN & BRADLEY, at the foot of East Water street, are the Thicket Agents for these propeller lines.

FOR COLLINGWOOD.—A tri-weekly line of propellers run to Collingwood, stopping at intermediate ports, and leaving this city on Sunday, Wednesday and Friday of each week. L. D. JEROME, Agent.

VESSELS LAYING UP.—The extreme low rates and continued dullness in freights have compelled a number of vessel owners to lay up their crafts for the season, at this early period. Quite a number of vessels, which have been in port for a long time without making any engagements, are stripping their sails preparatory to going into winter quarters.

At Chicago we learn that a large number of vessels have already been laid up for the season, and we hear the same is the case at Buffalo and other lower lake ports. The Propeller *Missouri*, of the Western Transportation Co., has laid up at Detroit for the season. This is a sure indication of the extreme dullness in shipping matters. The propeller lines usually continue in operation until navigation is entirely closed.

Last year at this time wheat charters to Buffalo, from this Lake, by sail at 6c and by steam at 8c and 9c, were considered ruinously low, and many vessels were ordered to strip. Freights did not materially improve until after the middle of November, by which time nearly a hundred sail had gone into winter quarters, when rates advanced to 10c on wheat to Buffalo, and the latest charters transpiring were towards the close of November at 13c and 15c by sail and 17 by propeller.

Navigation closed remarkably early last year, with a severe storm, which detained a large downward bound fleet from Chicago, and also a few from this port, with cargoes all aboard.

Navigation opened, however, unusually early last spring, and shipments of grain from Lake Michigan thus far this season show an increase of upwards of 70 per cent. compared with the shipments to the corresponding period last year.

A GOOD WORD FOR A DESERVING MAN.—On Saturday evening last, Mr. ALEXANDER MILLER, the Architect and Builder of the large warehouse of Messrs. ANGUS SMITH & Co., at the terminus of the M. & M. R. R., discharged his employees, the work being entirely completed. Mr. MILLER originated and drew the plan of the building referred to, and superintended its construction from the commencement to its completion. The warehouse is one of the most perfect in every respect in the western country, and it is a lasting monument to the skill and good taste of the builder. Mr. M. has planned and erected a large number of grain warehouses in various parts of the country, and everywhere his work has elicited the most flattering praise. The Directors of the Great Western Railway awarded to him a handsome premium for the "best and most suitable plan for a grain store," for the Company's Wharf at Hamilton, Canada West.—Mr. MILLER returns to Chicago, his place of residence, this week.

POLICE COURT YESTERDAY.—The attendance upon the Police Court yesterday morning was rather slim—for Monday. There were only two offenders brought up. One of them was a *hard* case, and the other, that well-known personage John Smith, one of the original Smith family, was compelled to fork over the sum of $3, for being a little too hilarious on the Sabbath.

The other prisoner was a lad named Sam'l Hard, who was committed in default of $250 bail, to await his trial before the Circuit Court, on the charge of stealing money from the drawer of a saloon on East Water street, on Saturday. It appears that Hard has been in jail since June last for stealing, and had only got out Saturday. He came down street directly from the jail, went into a saloon on East Water street where there was a woman attending the bar, asked for a glass of brandy and after drinking it, reached over the counter and took a dollar from the drawer in the presence of the woman, and ran away. Policeman McCarty met him, however, before he had gone many steps, and the woman giving the alarm stopped the thief. That fellow may be put down as decidedly a *hard* case, and a fit subject for Waupun.

THE YOUNG FOLKS RE-UNION AND FESTIVAL TO-NIGHT.—The festival for the benefit of the South Presbyterian Church, our readers will remember, takes place *this* evening, at CONOVER & MARDITT'S Hall, corner of Reed and Lake streets, in the Fifth Ward. The young people of Rev. Mr. DAY's congregation have exerted themselves to make this an agreeable party, and we trust their exertions will be rewarded by being able to realize a handsome sum for their church. The price of admission is fixed at 50 cents, including supper.

Early Closing of Stores.

MESSRS. EDITORS:—In accordance with a card published in the *Wisconsin* of last evening, and signed by the principal Dry-Goods firms of this City, their places of business were closed at 7 P. M.—with one exception—the house of J. L DAVIS. We presume that the excuse of Mr. D. for not complying with this regulation may be satisfactory to himself, but we trust, that upon reflection, he will be induced to believe that it will be for his interest to follow so good an example.

It is undoubtedly a good move in the right direction—not only for better in a pecuniary point of view for the dealers themselves, but a simple act of humanity and justice to those in their employ. It is an old fogy custom that compels the clerk behind the counter to work 12 and 16 hours out of the 24, while any other branch of business, mechanical, and even mercantile, pursues the regular ten hour system.

We rejoice, we say, that the merchants of Milwaukee have boldly and unselfishly adopted a course which not only does them credit, but confers a blessing upon a worthy class of young men. By this arrangement they will have their evenings to themselves, which they can, and I know will, devote to mental improvement and personal advancement.

We sincerely hope that this agreement will be strictly adhered to, and universally adopted.

ONE INTERESTED.

MEETING OF THE FRIENDS OF CAPT. BARRY.—On Thursday evening last, the friends of Capt. Barry assembled at the Armory of the Union Guards, to unite with them in offering their congratulations to their worthy and gallant commander, on his triumphant election to the office of County Treasurer. The health of Capt. Barry having been toasted in the most enthusiastic manner, he responded in most felicitous language; reviewing the circumstances under which he had been induced to offer himself as a candidate; and thanked his friends for their very cordial support. He also paid a well merited compliment to the virtue and independence of the electors, who had done him the high honor of electing him to so responsible an office, free of all expense, except that incurred for printing, and such incidental expenses. Speeches, appropriate to the occasion, were also made by Col. O'Neill, Lieutenent O'Brien, Messrs. McGarey, Schuyler and others. Several excellent songs were afterwards sung by Messrs. Kennedy and Burke, after which the gallant guardsmen and their friends separated, highly delighted with the proceedings of the evening.—*News, of yesterday.*

Capt. BARRY's friends have good reason to feel pleased and he himself gratified, by the result of the election for Treasurer. His success as an Independent Candidate, against two regular nominees, and two "stump" ditto, speaks well for the estimation in which Capt. BARRY is held by his fellow-citizens generally. We do not doubt that his official conduct will confirm this good opinion.

JOHNSON'S ATHENEUM, NEXT MONDAY.—We are happy to inform the public that Mr. W. F. Johnson has been quite successful in selecting his new company, and it will be the largest and most efficient one ever brought to this city.—The scenery will be entirely new, and this, with Mr. Johnson's experience as a manager, cannot fail to render the Atheneum attractive and entertaining. The opening is fixed for *Monday next*, of which further notice will be given in a day or two. The Atheneum will be at Young's Hall which has been re modeled and refitted, so that it is now the finest hall in the city, and an elegant place for theatrical entertainments. In view of the manner in which the Atheneum is to be established and conducted, we feel confident that the public will extend to it a generous patronage.—*Wisconsin of last evening.*

We congratulate our citizens, upon the prospect thus held out of having a *good* theatrical Company in Milwaukee, during the ensuing winter. Mr. JOHNSON assures us that the actors and actresses engaged are all above the average, and he himself is one of the best we ever saw on the stage. We cannot doubt that, with reasonable patronage, JOHNSON's *Atheneum* will not only be successful, during the next winter, but will become a permanent "institution" in our city.

AN ASSEMBLYMAN AFLOAT!—The clipper bark *Badger State*, Capt. BILL CROSS, cleared this port, for Buffalo, Saturday, with the following cargo:

1,734 bbls. beef,
1,173 bbls. flour,
850 hides.

On the last trip, Capt. CROSS, in the *Badger State*, accomplished an extraordinary feat. He ran his bark from Milwaukee to Buffalo and back, discharged two cargoes, and was nominated and elected member of Assembly—all within *three weeks!* We call that "tall traveling."

We trust that the Republicans of Buffalo will see to the well-being of Capt. CROSS, while in their midst. We have no Republicans to spare—least of all, such a one as the skipper of the *Badger State.*

LECTURE BY PROF. CARR, AT ALBANY HALL THIS EVENING.—We learn that Prof. CARR, of State University, at Madison, will deliver a lecture before the Milwaukee Teachers' Association this evening, at 7½ o'clock in the Albany Hall. The subject will be—"The Atmosphere and its relations to Animal Life," and will be amply illustrated by experiments. Both from the known ability of the speaker, (Prof. CARR being perhaps the most eminent scientific speaker in the State) and the practical importance of the subject, together with the fact that this is the opening lecture before the Teachers Association, it is hoped that there will be a large representation of the friends of education in Milwaukee, in attendance. The lecture will be free to the public.

A SALUTE.—Commissary HARRY BINGHAM, of the Light Guard Saloon, fired a salute of 100 guns, last evening, per order of the Democratic Committee, in honor of the supposed triumph of Senator DOUGLAS in Illinois and the election of Judge LARRABEE from the Third Congressional District of this State. Both of these gentlemen are understood to be honorary members of the H. L. G., to which fact their success is popularly attributed.

A GOOD MOVEMENT.—It will be seen that the principal dry-goods dealers of this city have agreed to close their places of business every evening at 7 o'clock, from the present time until the 1st of April next. This is a commendable movement, and one that cannot but result favorably. The store-keepers will lose nothing, in fact they will gain what their gas bills would amount to, and their clerks will have a little time left to themselves. The ladies will bear this fact in mind, and hereafter do their trading before 7 o'clock.

ACCIDENT.—Saturday afternoon last an unfortunate draymen named JOHN KUISON, in the employ of SINCLAIR & GUNNISON, wholesale grocers, drove his horse to the river at the foot of Buffalo street, for the purpose of washing the animal, but before he was aware of it, he had driven the animal into the river, beyond its depth and it was drowned. KUISON, saved himself, not, however, without a good soaking. The accident was the result of carelessness, and should prove a warning to others.

SEED WHEAT FOR THIS CITY.—The Detroit *Advertiser* of Saturday last, says:

"Captain J. W. Hall of this city, has had an order to charter a vessel to take a cargo of wheat from Bayfield, C. W., to Milwaukee. This apparently anomalous transaction loses its strangeness in a measure, from the fact that the wheat is designed for seed wheat."

THE TEACHERS' ASSOCIATION.—The regular monthly meeting of the Teachers' Association, will be held at the School Commissioners' Room, in Cases' Block, at 7 o'clock this evening, and there adjourn to the Albany Hall, to attend from the lecture of Prof. CARR.

EARLY CLOSING OF DRY GOODS STORES.—We, the undersigned Dry Goods Merchants of Milwaukee, hereby agree to close our respective places of business at 7 o'clock, P. M., from this date to April 1st, 1859.

New York Matters.

NEW YORK, Nov. 8.

Rev. Frederick Crowe, a missionary who was recently banished from San Salvador for distributing the bible there, died on Saturday in this city, from sickness caused by exposures and sufferings in that country.

A young man named Wm. R. Tomkins was killed on Saturday evening, in an affray in a Broadway concert saloon, kept by Messrs Fox & Wadsworth.

Last evening, while the performances were going on in the same saloon, the Police made a descent upon it, arresting both the proprietors, and about 100 persons composing the audience.

The Piccolomini excitement continues unabated. There is another crushing house at the Academy to-night. Four thousand tickets were disposed of this morning, within two hours after the office was opened. Many were obtained by speculators, and re-sold at exhorbitant prices.

The members of the Castleton, Staten Island, Board of Health, five in number, have been arrested and held to bail, for having voted for the resolution declaring the quarantine a nuisance, and calling upon the people to abate it. The amount of bail demanded was $300,000 for each member. A complaint has also been served upon the Board of Supervisors of the county of Richmond, by the Board of Emigration, demanding judgment for $250,000, that being the amount of damages arising from the quarantine outrages. Messrs. Ray and Tompkins, held for examination on charges of arson and riot, in the matters of the quarantine outrages, have been discharged.

The weekly Bank statement shows an increase in loans of $715,907; increase in specie, $870,402; increase in circulation, $868,944; increase in deposits, $413,191; increase in undrawn deposits, $21,555; total specie, $26,387,255.

Robert Willis, the Broadway gambler, was committed to prison to-day on the charge of murder made against him recently, by his servant girl. There is no clue yet to the name of the person murdered. Mr. Busbeed, the counsel for Willis, got out a writ of *habeas corpus* and brought the prisoner, this P.M. before Judge Russell, who immediately discharged him.

Two murderers, Thomas Mulroe and James McCormick, both sentenced to be hung on the 16th of December, escaped from Sing Sing prison on Saturday night and have not yet been seen.

MILWAUKEE:

TUESDAY MORNING, NOVEMBER 9.

The Debt Assumption Scheme.

The People of this State certainly "breathe freer," since the result of the election has been ascertained. For a few weeks immediately preceding that election there had been serious apprehensions felt that the Legislature about to be elected would be such as render the carrying of the Debt Assumption Scheme, in any shape that Demagogues and Speculators might choose to give it, an easy matter. No such apprehension is now entertained. The nearly balanced state of parties in the Legislature and the character of the large majority of the members elect, makes it quite certain that the scheme cannot be carried as a mere party measure, nor *carried at all*, unless it prove to be, on full discussion, a safe, judicious and honest measure. This, in itself, is a most satisfactory result of last Tuesday's contest.

The *News* of Sunday, discoursing upon the Assumption topic, says:

We observe that the opposition press, in this section of the State, since the election transpired, begin to advocate the assumption of the city, county and farm mortgage indebtedness by the State. Rumor has it that Messrs. Crocker and Tweedy have seen the error of their ways, and changed their position on the question.

We are well assured that the gentlemen named (both private citizens, whose names the *News* seems fond of discourteously lugging into print,) have *not* "changed their position on this question." And we have failed to observe the symptom which the *News* professes to detect in "the opposition press," since the election. Will that paper *name* what "opposition press" it refers to?

While thus insinuating that the Republicans are to stand god-fathers to the scheme, the *News* thus seeks to shirk all "democratic" responsibility in the premises:

It is not improbable that the members of the legislature, elected in this county, may favor the submission of the question to the people of this State, and allow them to determine for themselves whether they will assume that species of indebtedness or not. In any event, the responsibility of either submitting, or refusing to submit it, must rest on the republicans, who have a majority in both branches of the legislature.—It is, therefore, eminently proper that they should discuss the measure. We will reserve our comments until we become better acquainted with the project. At present there is safety in keeping at a proper distance from it, as the rat said when looking at the meal.

The *News* does well to follow the cautious example of the rat. We think the Legislature and the People generally will follow the same wise policy. As to the "responsibility" resting wholly upon the Republicans—as the *News*, looking at the question in a *partisan* light merely, exultingly proclaims—it fortunately happens that parties are very equally divided in the Legislature, and that no measure of the kind can pass without Democratic, as well as Republican support. We have in this fact, a sufficient guarantee that the question will be discussed and decided, not on narrow party grounds, but on broad principles of State policy.

New York—The Empire State Leads the Republican Column!

In New York, as in Massachusetts, the Republicans have achieved a signal and decisive victory. The entire Republican State ticket is elected by from 20,000 to 25,000 majority; both branches of the Legislature are largely Republican; and of the 33 members of Congress elect, 26 are Republicans, 3 anti-Lecompton Democrats, supported and elected by Republicans, and *four* Administration Democrats. These last are from four of the N. Y. city Districts, and the seat of one of them, SICKLES, is to be contested by the opposition candidate, Mr. WILLIAMSON.

The N. Y. *Tribune* gives the following approximate majorities in the whole State on Governor, which the official canvass will increase:

Morgan.		*Parker.*

or thereabouts.

The heavy Republican majorities in such staunch old Democratic counties as ST. LAWRENCE, CAYUGA, ONONDAGA, ONEIDA, HERKIMER, MADISON, OSWEGO and STEUBEN, are most encouraging signs of the times. Outside of the City of New York and five or six counties along the Hudson, Sham Democracy is in a forlorn minority in the Empire State.

CAYUGA COUNTY, NEW YORK.—This county, the home of Senator SEWARD, and for many years one of the Democratic stand-bys, gave a Republican majority, last Tuesday, of *three thousand, one hundred and thirty-two*. All the Republican candidates, State, Congress and County, received triumphant majorities.

Massachusetts—"There She Stands!"

No words can magnify the grand Republican triumph in the Old Bay State. It is alike complete and overwhelming. Here are the results:

For Governor—Banks, Republican, 85,091; Beach, Democrat, 36,369; Lawrence, American, 11,622. Banks' plurality, 23,522.

MEMBERS OF CONGRESS ELECTED.

Districts.
First—Thomas D. Eliot, Republican.
Second—James Buffington, " re-elected.
Third—Charles F. Adams, "
Fourth—Alexander H. Rice, " re-elected.
Fifth—Anson Burlingame, "
Sixth—Jonas B. Alley, "
Seventh—Daniel W. Gooch, "
Eighth—Charles R. Train, " re-elected.
Ninth—Eli Thayer, "
Tenth—Charles Delan, "
Eleventh—Henry L. Davis, "

Of the Senators elected, 37 are Republicans, and 3 Democrats. To the House, 198 Republicans, 29 Democrats, and 10 Americans are elected, and there are nine Districts to hear from.

BURLINGAME'S majority in the Fifth Congressional District, is 142.

Governor BANKS was waited upon election night, and the result having been announced to him, he made a brief speech. He said:

We will show, through the actions of the Representatives of this Commonwealth, and especially of the Representatives of the city of Boston, that we are not the narrow-minded, bigoted, fanatical, sectional party, or sectional men, that we have been represented; [cries of "Good, good;"] we will show in our Representatives in Congress, both in the Senate and in the House of Representatives, and especially, very especially, in the characters of the men whom you have elected in these Congressional Districts—we will show the country that we have National Representatives, men who represent the principles of the people of this country, the great national interests of this country, the glorious doctrines of individual and general liberty, for the establishment and support of which the institutions of our Government have been founded.—[Cheers.]

The following comments on the election are from the Boston *Advertiser*:

By this election the people of Massachusetts speak with emphasis their cordial approval of the administration of the State Government during the past year,—and with an equal emphasis their detestation of the Federal Administration, and their opposition to the corrupt alliance between the South and the Democratic party of the North,—the perversion of the Government to sectional purposes, setting at naught its fundamental principles, disregarding the interests of the people, and tarnishing the national honor.

The most active exertions have been made to get a vote from Massachusetts in Congress, which should speak against the life-long voice of the State, and the deep planted instincts of the people. To this end the most incongruous alliances have been formed, the most remarkable political manœuvres have been effected, and every application has been adopted to gain support for the Administration candidate in the devoted district. All in vain. The battle has been hotly contested, the victory closely won, and to much greater is its glory. We need never expect to see such a combination of interests as enlisted to elect Colonel Hoard; since this attempt has failed, no other like it can ever succeed. It is unprecedented in the past history of our politics, and is likely long to remain without a parallel.

THE GERMAN VOTE.—The German electors in New York, Wisconsin and elsewhere, contributed largely to the Republican triumphs of Tuesday. In the City of Buffalo, says the *Commercial Advertiser*, "the large Republican gain is due to the enormous accession to the Union vote in the German wards. In leaving the Democracy for Union, they went a trifling further than we should have preferred." The Rochester *Democrat* makes a similar acknowledgment to the Germans in that City.

The Kenosha *Telegraph* says:

Among those who rendered good service in swelling the Republican majority in this county, our German population are deserving of the highest praise. In every town, the Germans, to a large extent, voted the Republican ticket.

In this city, the great proportion of the heavy Republican gain is due to the German electors. They have ceased to follow the *ignes fatuus* of Sham Democracy.

"WAUKESHA COUNTY DEMOCRATIC."—So says a correspondent of the *News* upon the strength of the discovery that the aggregate vote for Assemblyman shows a *quasi* democratic majority of 97. It strikes us as rather a poor compliment to BERIAH BROWN, who resides in Waukesha, that this "Democratic County" should have given an 448 majority for his Republican opponent, JOAB F. POTTER. And it must be anything but flattering to A. F. PRATT, the democratic candidate for Sheriff, that this "Democratic County" should elect BENNETT, his Republican antagonist, by 474 votes! as well as the entire Republican County ticket. We rather admire that style of "Democratic County," and cordially endorse its sound political character.

OFF WITH HIS HEAD.—Mr. J. M. Scammel, a clerk in the Chicago post office, having stated to one of his fellow clerks, that if Douglas was nominated in 1860 at the Charleston convention, he, Scammel, would vote for him, Mr. Scammel a few hours after became the recipient of a note, of which the following is a copy:

Post Office, Chicago, Nov., 1858.

Sir:—Your services are no longer needed in this office.

Please call at the cashier's office.

I. COOK, P. M.

J. M. Scammel. Armstrong.

—*Chicago Times*, (Douglas,) Nov. 6.

The "War of the Roses," in Illinois, is, it seems, to be continued. The DOUGLAS men still fall under the official axe. The sagacity of President BUCHANAN, as a party leader, is certainly "past finding out." One would think that his successful achievements in utterly routing and ruining the National Democratic party in *every Free State in the Union*, would have satisfied the old gentleman's destructive propensities. But it appears that he hungers for new victims.

DEATH OF A PROMINENT POLITICIAN.—An old man was found dead in this city on Tuesday evening last. Though he was stabbed several times in the back, yet the immediate cause of his death was his own inherent natural corruption. His heart was simply a rotten ulcer, while from head to foot his flesh was oozing with corruption, and alive with villainous vileness. His name was ascertained to be Cork S. Dictum. He has figured in politics for a number of years—having been an efficient co-laborer with Martin Van Buren and other eminent politicians.—*News of Sunday.*

We are curious to see how long the *News* will stick to this denunciation of the caucus system, which has indeed, in this county, become too corrupt to be any longer indused.

☞ The *Sentinel* vouches again for the democracy of Albert Bade. We trust that the *Sentinel* is right, but it is charged on the authority of one of our leading business men, that Mr. Bade declared, only a few days before he received the nomination for Sheriff, that he (Bade) should support John F. Potter for Congress against Beriah Brown.—*News.*

If *threatening* to "bolt" be an imputation of Mr. BADE'S "democracy," what is to be said of the entire *News* clique, who organized the "bolt" on Sheriff and Treasurer, and having thus "sowed the wind," speedily, though unexpectedly, "reaped the whirlwind."

"THE BANNER TOWN."—It was the town of BURNETT, Dodge County, not *Bennett*, as the types had it yesterday, which claims the distinction of being "the Banner Town," having given 178 votes for BILLINGHURST to 6 for LABRADEE.

BEFORE ELECTION.—A few days before election the Milwaukee *News* gave utterance to the following prophetic words:

Our correspondence from Walworth is very full and interesting. We have received private advices from that county, which assures us that Potter's majority will fall about eight hundred below that given to him in 1856. He will lose fifteen hundred more in Waukesha, Kenosha and Racine, so that anything like a full democratic vote in this county insure Mr. Brown's election.

There appears to have been nearly a full democratic vote in Milwaukee county, but they forgot to vote the "regular" ticket.—*Whitewater Register.*

EX-GOV. GEARY SPEECED.—John W. Geary, Ex-Governor of Kansas, was married on Tuesday morning last, to Mrs. Henderson, of Cumberland county, Pa. The wedding took place at the residence of Hon. J. W. Quiggle, in Walnut-street, Philadelphia, the ceremony being performed by the Rev. W. R. Dewitt, D. D, of Harrisburg.—*Cincinnati Gazette, Nov. 5*

The above list successfully refutes the charge which has been hazarded against the BUCHANAN Administration, that it was in the least "sectional," and shows how equitably the Federal Patronage has been distributed between the North, the South, the East and the West!

PORTAGE COUNTY REPUBLICAN!—The Stanton *Times* of Nov. 5th, brings us the following returns from Portage County:

The following is the official vote of the town of Plover:

Congress—C. C. Washburn, 147; Charles Dunn, 46. Washburn, rep. maj. 101.

State Senator—H. L. Hanchett, 167; J. A. Ferrell, 18. Hanchett, republican, majority 149.

Assembly—Reuben C. Lyon, 160; J. S. Young, 32. Lyon, republican, majority 128.

James S. Young, democrat, is probably elected Assemblyman from this District, over Reuben C. Lyon, republican. The vote is a very close one.

Hanchett, republican, is elected Senator by at least 8,000 majority.

The entire republican county ticket is elected with the exceptions of Treasurer and Register—the vote on Treasurer is very close; probably Eckels is elected over McDill by a small majority. The republican candidate for Register of Deeds withdrew his name, and the race was between Stump, democrat, and Packard, Independent candidate. Packard is elected by a handsome majority.

The Stevens Point *Pinery*, (democrat) gives the vote of that town, as follows:

Congress—Dunn, 340; Washburn, 184.
Senate—Ferrel, 292; Hanchett, 192.
Assembly—Young, 339; Lyons, 155.

The *Pinery* adds:

The county has undoubtedly gone republican, by a small majority, though it is probable the Assembly District has given a majority for Young; Hanchett is elected over Ferrell by a large majority. It is impossible to say how the vote has gone in the Upper Wisconsin for Congress. Washburn's majority must be small if any.

LATER.—Reported that the Democratic ticket in Marathon County is far ahead. Young has over 200 majority, and Dunn over 150. Young is elected.

JACKSON COUNTY.—The Jackson County *Banner*, of the 5th inst, brings us the following returns from five of the eight towns in that County:

	Congress.		*Assembly.*	
	Wash.	Dunn.	Bent.	Fisk.
Albion,	107	82	100	86
Alma,	17	6	19	4
Bristol,	44	12	44	12
Irving,	19	40	15	40
Manchester,		14		14

Washburn 29 ahead, Bennett 30 ditto. The *Banner* adds:

"For Amendments to Bank Law" was voted almost exclusively, but few votes being polled against it.

The vote is extremely light throughout this County; for instance, Alma should have cast at least 120 votes, whereas she only cast 23. The other towns are much in the same proportion.

The vote indicates a falling off of about 180, the vote last year for Governor being Cross 189; Randall 131—total 320. Last year Cross had a majority in this town of 58; this year Washburn has a majority of 26. A difference of 82. The Republican loss from vote of last year is 24; Democratic 105.

This is good as far as it goes; but throughout the North-West the tremendous storm on election day cost us many hundred Republican votes.

Our Assemblyman is in doubt—local issues divided the Republicans. But I am afraid the Sham-Democracy have succeeded in electing CARR. His majority, in all but two towns, is 40—the opposition will figure out his election.—Look out for Supplementary Returns in this District.

Correspondence of the State Journal.

FREE PRESS OFFICE, Eau Claire.

The whole republican county ticket elected, with the exception of Sheriff, by a large majority. Washburn 29 ahead in Eau Claire; Dewhurst, for Assembly, 43. Washburn's majority in the county will be 43; Dewhurst's majority 40.

YOURS, &c., CHARLES G. PATTERSON.

SPAIRWAY FOR THE NATIONAL CAPITOL.—The Philadelphia *Pennsylvanian* gives the following description of a massive balustrade just finished by Messrs. Archer, Warner, Mabey & Co., of that city, for the Capital in Washington:

"It is a massive piece of bronze-work, truly original in design. It was executed under the orders of Captain Meigs, the Superintendent of the Capitol Extension, and is designed for the private stairway inside the building, by which members ascend to the halls, four flights in length, making the balustrade 162 feet. The balustrade contains seven main figures—a buck at full speed, a spread eagle (full front) of the bald-headed kind, a black eagle stooping, with raised wings and open talons; a boy recoiling from an irate rattlesnake; a pigeon's nest in a tree, with the young birds in it, and the mother ascending to it; and two fine figures of Cupids, in different positions, among the scroll work.—These are only the main figures. There are, all through the work, fine representations of the pine-apple, rhododendron, rose, lilac, cotton plant, Indian corn, ocnecia, &c. The plants and figures are all modeled from life, and evidence great skill and rare fidelity to nature. All the scroll-work, figures, &c., are in the heaviest and most massive style. Capt. Meigs has expressed himself not only pleased with, but proud of it, and Lord Napier called it as equal, if not superior to anything of the kind he had seen in Europe. The artist to whose skill we owe this production is Edmond Baudin, who, though a European by birth and education, is a resident of our city, and has entered into this undertaking with the zeal and energy of a true artist."

A GREAT REVOLUTION.—Milwaukee city and county, which, in 1856 gave Jackson Hadley (dem.) a majority of 4,138, now gives Beriah Brown (dem.) 682 majority. The prestige of Democracy is broken in Milwaukee, and they have been routed in their strongheld. When the cities fail to vote for the creatures of corruption, we may begin to feel that our country is entering upon a new era, when honest men are to be selected to represent the sentiments of the people in the halls of legislation. Milwaukee deserves a banner.—*Whitewater Register.*

PROCLAMATION.

In the good Providence of God another year has passed, and its memories and its fruits have been gathered up. Toward all mankind He has exhibited abundant mercies, and upon us he has showered immeasurable blessings. Send-times and harvests came and are come, and the fat earth hath yielded its great harvests and its fruits; every tree and every plant bearing seed after its kind. His bow has been still in the clouds. His avenging rod has been withheld, and the pestilence that walketh in darkness, and the destruction that wasteth at noonday, have passed by us.

In science and art, and in intellectual development, the whole earth has been astonished at continued and startling successes and achievements. All trades, business avocations, professions and pursuits, have met everywhere with the success they have deserved. In all things commendable and useful, and of good report, we have had the approving smile of our Father who is in Heaven. The seeds of the Lord are great, sought out of all them that have pleasure therein.

His work is honorable and glorious, and his righteousness endureth forever.

He hath made His wonderful works to be remembered: the Lord is gracious and full of compassion.

He satisfieth the soul with them that fear Him; He will ever be mindful of His covenant.

The fear of the Lord is the beginning of wisdom; a good understanding have all they that do His commandments. His praise endureth forever.

For all His bounties and mercies, and loving kindness and care, we owe Him humble gratitude, and obedient service. Believing it reverently and meetly in my limited station, I therefore do here appoint, THURSDAY, the 25th day of NOVEMBER next, as a day of Thanksgiving and Prayer and Praise. And I commend that day to the observance of the people of this State, exhorting them to abstain therein from all secular avocations and employments, excepting only works of necessity and mercy.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name, and caused the Great Seal of the State of Wisconsin to be affixed.

Done at Madison, this 27th day of October, in the year of our Lord, one thousand eight hundred and fifty-eight.

By the Governor. ALEX. W. RANDALL.

J. D. READLE, Asst Sec'y of State.

THE HERMITAGE.—A gentleman who has just visited the Hermitage, the residence of General Jackson, thus writes of what he saw there:

"Prominent among the curiosities was a wooden pitcher. It was made of wood from the elm tree under which William Penn made the celebrated Indian treaty. The pitcher was made and presented by the coopers of Philadelphia, and although it is not larger than a common cream-jug, in contains 750 staves. The hoops, lip and handle are silver; the bottom has magnifying glass, by looking through which one is enabled to see the joints, which are not visible to the naked eye. We will next notice 'Old Hickory.' This is a double cup—that is, two cups with one bottom, so that when one is turned up the other is turned down. In it, as its name implies, of hickory, and, what is more singular about it, has a natural handle. It is simply a block about one foot in length, with both ends hollowing, and was cut on Long Island from a hickory sprout, the parent stem of which was severed by a cannon ball in the war of the Revolution.

The next things we will mention are a calumet of stone presented by some Indian chief; a bayonet, with a large root growth around it, found near the battle ground below New Orleans; the cup and saucer out of which General Washington drank his last tea, and a small piece of candle found in the tent of Lord Cornwallis when he surrendered to General Washington, and closed the Revolutionary struggle. The last-named article was given to General Jackson with the request that he would light it on each Fourth of July. Mrs. Jackson remarked that they had failed to do this for several years, owing to its shortness.

THE STATE PRINTING.—This troublesome subject has at length been settled. The Commissioners met yesterday, P. M., and, after examining the bids, determined that of James Ross to be the lowest, and have awarded him the contract for the next two years. Mr. Ross is connected with the editorial department of the *Patriot*, and in this matter, it is understood, is merely the representative of Pump Carpenter.—*Madison Journal.*

A New Robinson Crusoe.

The Wreck of the Wild Wave—Remarkable Experience of the Captain—An Interesting Narrative.

San Francisco, Oct. 5.—Among the passengers who leave for New York, in the steamer for Panama, to-day, is Captain J. M. Knowles, of the clipper ship Wild Wave, which has been missing for several months and long since given up as lost, with all on board. As the captain's story is a very interesting one, I have obtained the particulars from him for your readers. The ship left New York in September last, for San Francisco, where she arrived on the 14th of January, leaving again in ballast, on the 9th of February last, for Valparaiso.

The strong easterly winds which prevailed for some time after starting, forced the vessel considerably to the westward of the usual track of vessels bound for the South American ports.—All went well, however, until the night of the 4th of March; Captain Knowles had taken fair observations daily, and on the night in question supposed himself at least sixteen or eighteen miles from any land. An hour after midnight he discovered breakers upon the lee bow. The helm was put hard down, but the ship misstayed, and while wearing, struck upon a sunken coral-reef, and soon fell over on her side and bilged. A heavy surf, brove over the ship, and it became evident at once that she must be lost. Her top-masts were cut away, to ease her as much as possible, but all efforts to relieve her materially failed.

Daylight at last revealed their position, and showed that the vessel had struck the reef surrounding Oeono, a very low lagoon island, a mile and a half or two miles in circumference, the reef extending in some places two miles from the shore. Soon after daylight the boats were got out and all hands landed. In the course of the day the Captain succeeded in getting his nautical instruments and a supply of provisions ashore. During the ten days following they were unable to get out to the wreck more than twice, in consequence of the surf. While upon the island Captain Knowles made very careful observations, from which he ascertained that Oeono lies sixteen miles east of the position ascribed to it on the latest English charts, by which he had navigated the ship. To this error of the chart—which Captain Knowles is confident will be also exposed by the officers of the sloop-of-war Vandalia, soon—the loss of the Wild Wave is attributed.

Upon the 4th of March, started in his life-boat, with his first mate, Mr. James F. Bartlett, of Binghampton, N. Y., and five men, for Pitcairn's Island, seventy-five miles to the southward, expecting to find relief there, not to be found at Oeono, which is out of the usual track of vessels in any trade. When he left, the ship had not broken up, and the Captain got out his specie and carried it down with him. Pitcairn's Island, it will be remembered, is a fertile and pleasant island, only four miles in circumfrence, which was settled many years ago by the mutineers of the British naval brig Bounty. It has long been a favorite stopping place for whalers, and the Captain went there in hopes of meeting some one of them who would carry himself and his men to the Sandwich Islands.

Arriving at the island in forty-eight hours, he found it uninhabited, the settlers having been removed to Norfolk Island. In landing, too, the life boat was stove and ruined. Of course the unfortunate men were now without a boat of any description, and had no tools with which to construct one. There seemed to be nothing for them to do but possess themselves of patience until next February or March, when they might hope for succor by the whaling fleet bound up the Pacific. The island abounds in tropical fruits, which, with goats and chickens left by the late settlers, promised abundant support meantime. So the captain fitted up a deserted tenement, and made himself comfortable as possible. An old gun barrel, picked up on the island, was mounted upon a rude stock, so that one man could fire it with a match while aimed by another. In this dual fashion the goats were brought down for meat.

In walking about the deserted settlement one day, they found old rusty tools, consisting of a few axes, planes and augers. With these the captain determined to build a boat to get away with, and the party proceeded at once to carry the plan into execution. Of course it was to small undertaking, for they had no saws, nor rigging, nor iron-work for fastenings. They went into the woods, however, with their axes, hewed a single plank out of each tree, until the whole was ready to put together. In the meantime they found a few nails, and burned a couple of houses to get more.

With these and wooden pins they fastened the vessel, and in about three days had it ready to launch, a trim-looking, though frail schooner, thirty feet in length. From a quantity of condemned ropes picked up on the island, they made oakum to calk the seams, as well as rigging for the schooner. The sail of the life boat and some old sail cloth, also picked up at Pitcairn's, furnished sails for the John Adams, as the new craft was christened. From a bucket of tar and several pounds of rosin, found in a deserted tenement, the bottom seams were paid, and the rest were painted with some refuse white lead from the same source. The hold was eight feet deep, and well decked over. It only remained to get a set of colors. These the captain soon provided, an old shirt furnishing the white stripes and stars, some trimming from a church pulpit the red, and the curtains before a bunk in a deserted house, furnished the blue for the field.

After three weeks effort, the Adams was launched, provisioned with jerked goat's meat, chickens, fruit, a few cans of preserved meat, and an abundance of water. Three of the sailors, fearful of the craft, preferred to remain where they were. So Captain Knowles, his mate, and two men, set sail from Pitcairn's on the 3d of July for Tahiti, intending to call in at Oeono Island, where he had left thirty-two men. The first night out, they encountered a severe gale from the north-west, which lasting three days, forced them so far to the eastward that they could not make Oeono. They bore away accordingly for the Marquesas, 1,300 miles from Pitcairn's, where they arrived safely on the 5th of August. Here they found the United States sloop-of-war Vandalia, Commander Sinclair, who immediately got under weigh for Tahita, to get wood and water, and proceeded thence to the rescue of the Wild Wave's crew, remaining on Oeono and Pitcairn's. To Tahiti Captain K. and his companions also proceeded. The mate went with the Vandalia on her errand of mercy, and Captain Knowles was carried by the French frigate Eurydice to Honolulu, whence he started for San Francisco on a merchant schooner, arriving here on the 28th of September, bringing his colors and specie with him. He starts for home to-day, as already stated, and carries the first news of his ship which has reached the east since last spring. His family, who live at Cape Cod, have long since given up all hope of ever hearing from him, as he learned from his friends here. He is evidently an intelligent and honorable gentleman, and his misfortunes command the sympathies of the San Francisco merchants and shippers.

TO THE PUBLIC.
In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while out up under my control and supervision, was universally prized by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success to selling it under the well established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now bearing my name, is not one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless compound upon the public, have stolen *my name* as its sponsor, calling it "Bragg's" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of selling a spurious article for "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtue of the original Mustang, with many improvements. The former I have discarded, and later discoveries—and manufactured by Bragg & Burrowes, which form is composed of my son, Oliver F. Bragg, and Michael Burrowes. This article is therefore the same property as the Mustang, which I put up pure and in good faith, and is unmistakeably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended, or my authority exercised. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with the proprietors, or manufacturers.
Respectfully, A. M. BRAGG, M. D.

☞ FRIENDS OF HUMANITY.—To you (always disposed to aid the suffering) it may appear incredible after in vain trying all the "wonderful" remedies of the day, that an entire stranger can restore health and strength from taken internally, of my (genuine) "Electric Oil," which will in every case quickly relieve the sufferer from the most violent pains; and as testimonials of the truth of my good words, of good women, whose names are at my office.
Not any have used it without deriving some special benefit within an hour, any many are they who have been perfectly cured of Rheumatism, Neuralgia, Spinal, and Bronchial complaints, Croup, Tic Doloreux, Felons, Cramps, Piles, Sprains and Bruises, Cuts and Wounds, Swelled Glands and Stiff Joints, Scrofula and Erysipelas, Sore Nipples and Swell d Breast, Salt Rheum and Cancer in the Mouth or Stomach, Eruptions and all kinds of Sores, (Headache and Toothache in five to ten minutes); also, Chilblains and Sore or Tender feet. It will be seen that I do not profess to cure everything, but only a certain class of complaints; all of which are curable on simple Electric and Chemical principles, through the offices of my "Electric Oil" and the Nerve-vital Fluid of the human body.
The modus operandi of progressing and ever changeable Rheumatic pain, is imperfectly understood by mankind, whether it originates from the tenderness or covering of the nerves, inflamed by derangement, like the coating of an inflamed stomach, or some disturbance of the electrical fluid of the system; in that my "Electric Oil" is readily absorbed into, it it does more or less, supply a needed deficiency in, and equalize the circulation of that great principle of human organization.
I call on the hospital and the human look into this matter—for if these are so, all are alike interested. I will take any case from the hospital to test it for all. My "Electric Oil" is pleasant and inmocent; no danger of colds or over-exertion. Call and see me myself. Come and see for yourself—near Chestnut street, 89 South Eighth street. 50 cents and $1 per bottle.

VOLUME XV. MILWAUKEE DAILY SENTINEL, TUESDAY MORNING, NOVEMBER 9, 1858. NEW SERIES.

THE DAILY SENTINEL.

Common Council Proceedings.

MAYOR PRENTISS PRESIDING.

The Board of Aldermen held an adjourned meeting on Saturday night, His Honor, Mayor Prentiss in the Chair.

After the usual presentation of accounts &c., the Mayor presented the following:

To the Common Council:

On the 3rd inst. I was served with a summons, and declaration, in favor of Margaret Burke, administratrix on the estate of Margaret Burke, a minor, deceased, against the city of Milwaukee, returnable before the Circuit Court of Milwaukee county.

The plaintiff desires five thousand dollars damage of the city for the loss by death, of her daughter Margaret, as is alleged, by the carelessness and negligence of the city in the management of the bridge across the Milwaukee river, between Division and Chestnut streets. The summons and declaration herein reported are herewith presented, and I recommend that the case be referred to the City Attorney, with instructions to examine into the matter, and attend to the same in the Circuit Court.

WM. A. PRENTISS, Mayor.

November 4, '58.

The recommendation was referred to the City Attorney as recommended.

His Honor then presented a communication informing the Council of the addition recently made to the Police force, which his Honor stated he consented to with considerable reluctance on account of the embarrassed condition of the financial affairs of the City.

The chair presented a recommendation from Daniel Schultz, Street Commissioner, recommending "that a gas lamp be provided for each end of Oneida street bridge," which was referred to the Committee on Gas.

The chair also presented a communication from the Comptroller, in relation to a balance of $253,22 due to F. Schumacher for services as engineer, in the Sixth Ward, during the year 1857, which was referred to the Aldermen of the Sixth Ward.

The chair presented another communication from the Comptroller, in relation to interest due on a mortgage for $1,500, assumed by the City on purchasing lot 11, block 11, Seventh Ward, which was referred to the Finance Committee.

The chair presented another communication from the Comptroller in relation to an account of the *Daily News*, for printing, amounting to $2,690, recommending that $800 be paid on account, and asking further time to examine the same, which was laid on the table.

A communication from the comptroller representing that his office, was too small, and asking permission to vacate the same and engage two rooms on the same floor at an increased rent of $50 per annum was referred to the Finance Committee.

Alderman Keough, from the joint local committee of the First Ward, to whom was referred "an ordinance changing the grade of Knapp street, from Astor street to the west line of Rogé's addition, in First Ward, reported in favor of the same. The report was laid on the table.

On the motion of Alderman Dousman it was re-committed.

Alderman Dousman, from the committee on finance, to whom was referred the petition of Patrick Duffy, in relation to a judgment for $800, obtained by him against the city for damages, reported "to refer the same to the City Attorney for information, and that he be requested to report as soon as convenient." The report was concurred in, and the petition referred.

An ordinance relative to the grade of Knapp and other streets in the First Ward was called from the table on motion of Ald Keogh, and passed.

A resolution authorizing the Mayor and City Clerk to sign and issue city warrants to the amount of $6000 to George A. Woodward, City Attorney, on account of services, was adopted by a unanimous vote and referred to the Comptroller.

A resolution was offered by Alderman Carroll, requesting the Street Commissioners to have two sewers immediately constructed, running into the river: One from corner of Main and Erie Street; the other from corner of Milwaukee and Erie—the same to be done according to the plans and specifications of the City Engineer now on file in the office of the City Comptroller.

The resolution was adopted.

Alderman Phelps presented the following:

Resolved, That a tax of eleven and seven eighths mills on the dollar of assessed valuation of real and personal property be levied for general city purposes, to include ordinary expenses and the sinking fund; and also a tax of four mills on the dollar for Ward purposes in the several Wards, which was referred to the Finance Committee.

Daggett called from the table the communication of the City Comptroller, in relation to the account of the *Daily News*, and offered a resolution authorizing the payment to the proprietors of the *News* $800 on account for City printing, in city orders, which was adopted by a unanimous vote, and referred to the Comptroller.

Daggett called from the table the communication of the Street Commissioners, for improvements on the east end of Mason street in the Seventh Ward, and presented an estimate and plans for constructing a sewer from the top of the bluff to the lake, and for grading and paving, &c., in connection therewith.

Also a resolution approving of the same, which was adopted.

A resolution offered by Alderman Phelps, instructing the Gas Company to put up lamps at the following places in the Second Ward, viz: at east side Water at north side Cedar street.

One at west side Water at north side Cedar street.

One at angle of junction of Water and Third streets.

One at west side of Third street at alley in block 47.

One at east side Third street at alley in block 41.

One at west side Fifth and north side Tamarack.

One at west side Sixth and south side Tamarack, and keep the same lit as other lamps in the city.

Ald. Keogh said it was the duty of the gas company where they opened the streets, to replace the earth and pavement in the same condition as before; but as this was seldom attended to he offered a resolution requesting the Street Commissioners to require the gas company to make good the streets where they may have occasion to put down main pipes, which was adopted.

Ald Pankinton called from the table the report of the select committee, on the communication of Charles Quentin, in relation to the purchase of the park in the Sixth Ward, and the resolution, which was made by the clerk, and on motion of Alderman Niederman was indefinitely postponed.

Ald Niederman offered a long preamble, in in relation to the contracts of Messrs. Hasbrouck & Coare and E. & T. Sims, for dredging the middle ground of Milwaukee river, to the following resolutions, which were adopted, it being understood that the arrangements would be satisfactory to the contractor:

Resolved, The Board of Councilors concurring, that the City Surveyor be and is hereby directed to estimate and report to the Common Council the number of cubic yards excavated from the middle ground of the Milwaukee river, by Hasbrouck & Coare and E. & T. Sims, on each of their contracts up to the 25th day of July, A. D. 1858, reserving therefrom such part of said work as was reported to the Council, and calculated for in the settlement of the Harbor matter.

Resolved further, That on such estimate being filed with the City Clerk, the Mayor and said Clerk, are hereby authorized to issue to each of the party contractors, a draft or drafts pursuant to the form hereinafter prescribed for the amount due them at the contract price for said work, said draft to be in the following form,

Milwaukee, A. D. 1858. No——

$——

The Treasurer of the city of Milwaukee will receive this draft in payment for the purchase of any tax certificates owned and now held by the city for sales of lots or lands for non-payment of taxes, for the year A. D. 1857, or any previous year, or to satisfy any personal tax unpaid during said years, to the amount of

1000 dollars,

——, Mayor.

City Clerk.

Ald. Phelps presented the following:

WHEREAS, It is found that the LaCrosse and Milwaukee R.R. Co. neglect or refuse to make any improvements or repairs to street or sidewalks in front of their property in the Second Ward of this city, notwithstanding the frequent orders from the Street Commissioners, and frequent solicitations of citizens of that ward.

AND WHEREAS, Said company have been favored by the Second Ward in vacating an alley for their use, and in numerous other acts of liberality and accommodation.

AND WHEREAS, The streets and sidewalks, in front of their whole property in said Ward, is disgraceful, not only to said company, but to the said Ward and the whole city. Therefore,

Resolved, The Board of Councilors concurring, That the city attorney be requested to report to this board, whether there is any course by which said company can be compelled by law to make such improvements as are necessary and have been properly ordered.

Alderman Phelps said that the La Crosse R. R. Company, were, to all appearances, above all law, and in consequence the Street Commissioners could not get proposals for the execution of repairs or improvements in front of their property. To the representations of the Street Commissioners they paid no attention. The approach, by their depot, to Chestnut street bridge was in a most dirty and dangerous condition, particularly for children, and he hoped, if the law was defective, that at the next meeting of the Legislature, it would be remedied, and the rail road company compelled to act like other property owners in the city.

The preamble and resolution was then adopted.

The resolution relative to the purchasing of a lot for Germania Engine Company was taken from the table on motion of Alderman Dousman, and after a long discussion again laid upon the table.

Alderman DeVos called from the table the resolution authorizing the organization of 8, a new Engine Company in the Sixth Ward, which, like its predecessor, went on the table again.

Alderman Daggett, from the committee on fire department, to whom was referred the petition of Charles Warner, asking permission to erect a frame building on lot 1, block 85, Third Ward, reported in favor of granting the prayer of the petitioner, which was concurred in.

Alderman Daggett offered a resolution authorizing the purchase of a new machine for Engine Company No. 4, which, on motion of Alderman Phelps, was laid on the table.

After the allowance of accounts in the usual manner, the Board adjourned to the next regular meeting.

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, } Monday Evening, Nov. 8, 1858. }

MONEY MATTERS.—No change in the money market. Currency is not very plenty, but there is enough for all ordinary demand. Exchange is in supply for all requests. Gold is quite active. We quote as follows:

Exchange on N. Y. city, selling,..1/8 cent premium.
" " " buying...⅜ " "
Gold, buying.....1¼ " "
" selling.....⅝ " "

MILWAUKEE DAILY MARKET.

The market continues firm, and receipts being very light there is an active demand for all the wheat coming forward, and in consequence prices are on the upward move. No. 1 spring sold readily to-day at an advance of about 2c on our last quotations, the range being 78a80c, and extra sold at 85a90c. The present prices are not at all reliable, and an increase in receipts would speedily cause a retrograde movement. There is no change to speak of in other articles.

CHICAGO MARKET.

CHICAGO, Nov. 8th.

The absence of any shipping demand for breadstuffs prevents the favorable causes which are now bearing up on the market, from producing their usual effects. These consist of a very light amount in store, limited receipts and improving Eastern markets—all of which are rendered nugatory by the inaction of shippers. And the wheat market is thus left, in a great degree, to the mercies of the "bulls" and "bears," the latter of whom are, at present, in the ascendancy.

Wheat opened weak this morning with buyers and sellers considerably apart—the former offering 0 46c for No. 2 spring in store, the latter asking 68@69. Holders proving pretty firm, buyers advanced some and during the morning some 10,000 bus changed hands at 66@69c, closing quiet, buyers offering 66c. An equal amount of red winter grades sold at 81@1, 2 for No 1, 90c for No. 2 in store.

Corn remains quiet and firm. For lumber and milling supplies and local consumption, holders are getting retail figures, viz: 65 for No. 1, 60c for No. 2 in st re. A cargo of 17,000 bus sold on private terms this morning. Hoop is quiet but firm, with a fair enquiry for good brands spring extras.—*Journal*, of last evening.

GRAIN CLEANER & SEPARATOR

HORTON'S PATENT

C. B. LINCOLN & BRO.,

Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and possesses all other grain cleaners in use for its perfect separation of Cockle and Screenings. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is free from objectionable cost and of repair, requires but little power to run it, and the working cylinder so constructed as to render it unnecessary to be removed for years. We respectfully invite all Western Millers to give us a call and examine our machine at the Bay State Foundry, Fowler st. Milwaukee, Wis. nov2;e464dly
